

PLACEHOLDER FILE

The AI-Native Requirements Detective

Lesson 3 — Every Requirement Earns Its Place

Slot: Hands-on guide — *Cutting Scope Without Cutting Value*

Path: Hands-On/h3.pdf

This file exists only so the link on the site resolves during testing. It is not course content. Replace it with the real hands-on guide before launch, keeping the same filename so no edit to index.html is needed.

The title shown on the site card is editable in **index.html**, inside the `<ul class="files">` block for this lesson.
